

#F6F6F2

“STORE OPERATOR” - for the Local commerce to apply and register;

- add and remove elements from their “catalogue”;
- edit elements, such as pricing;
- Possible promotions?; (consider DOB)

- requirements such as:

- authentication;
- verified email address;
- store name;
- store NIF;
- contacts/ email address;
- possible intro;
- CATEGORY OF COMMERCE;

(possible listing/ checkbox suggestions for editing; ex: all coffee shops have coffee;

- again categories/filters would be considered)

## Backoffice

ADMIN - insert new “stores”/ new commerce and respective user accounts;
